

TOOL OF THE WEEK

FINALLY ONE WHO CAN BEAT GOOGLE CHROME

BETTER FASTER AND RELIABLE

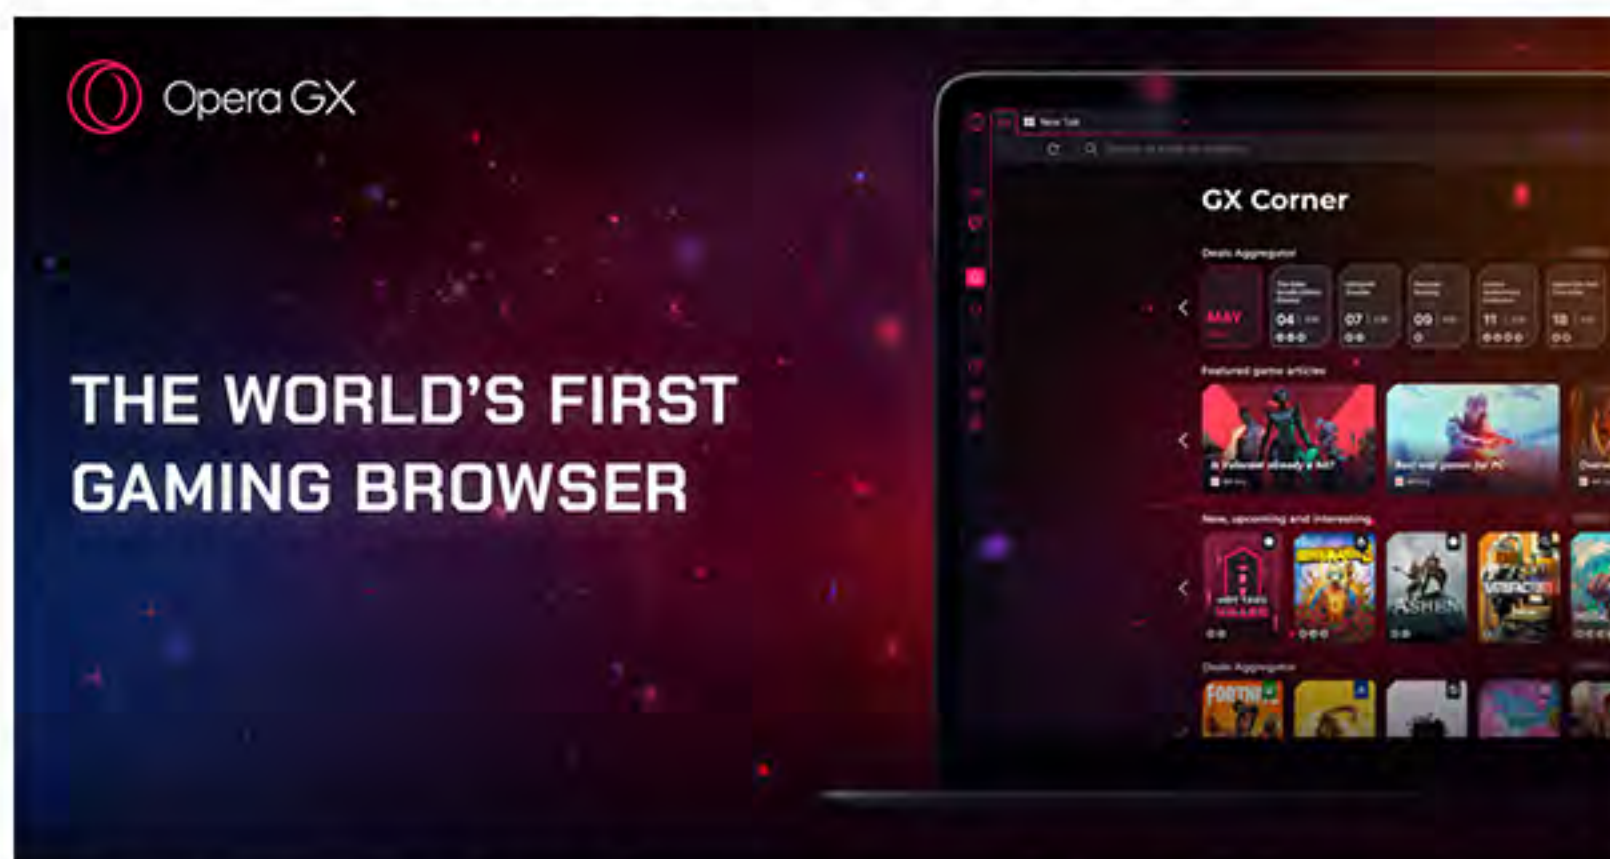

PS: ITS A MONSTER TO USE BUT
WONT EAT ALL YOUR RAM

**CHROME HAS A HUGE USER BASE,
NO DOUBTS ABOUT THAT!**

HOWEVER, HAVE YOU EVER USED
OPERA GX ?

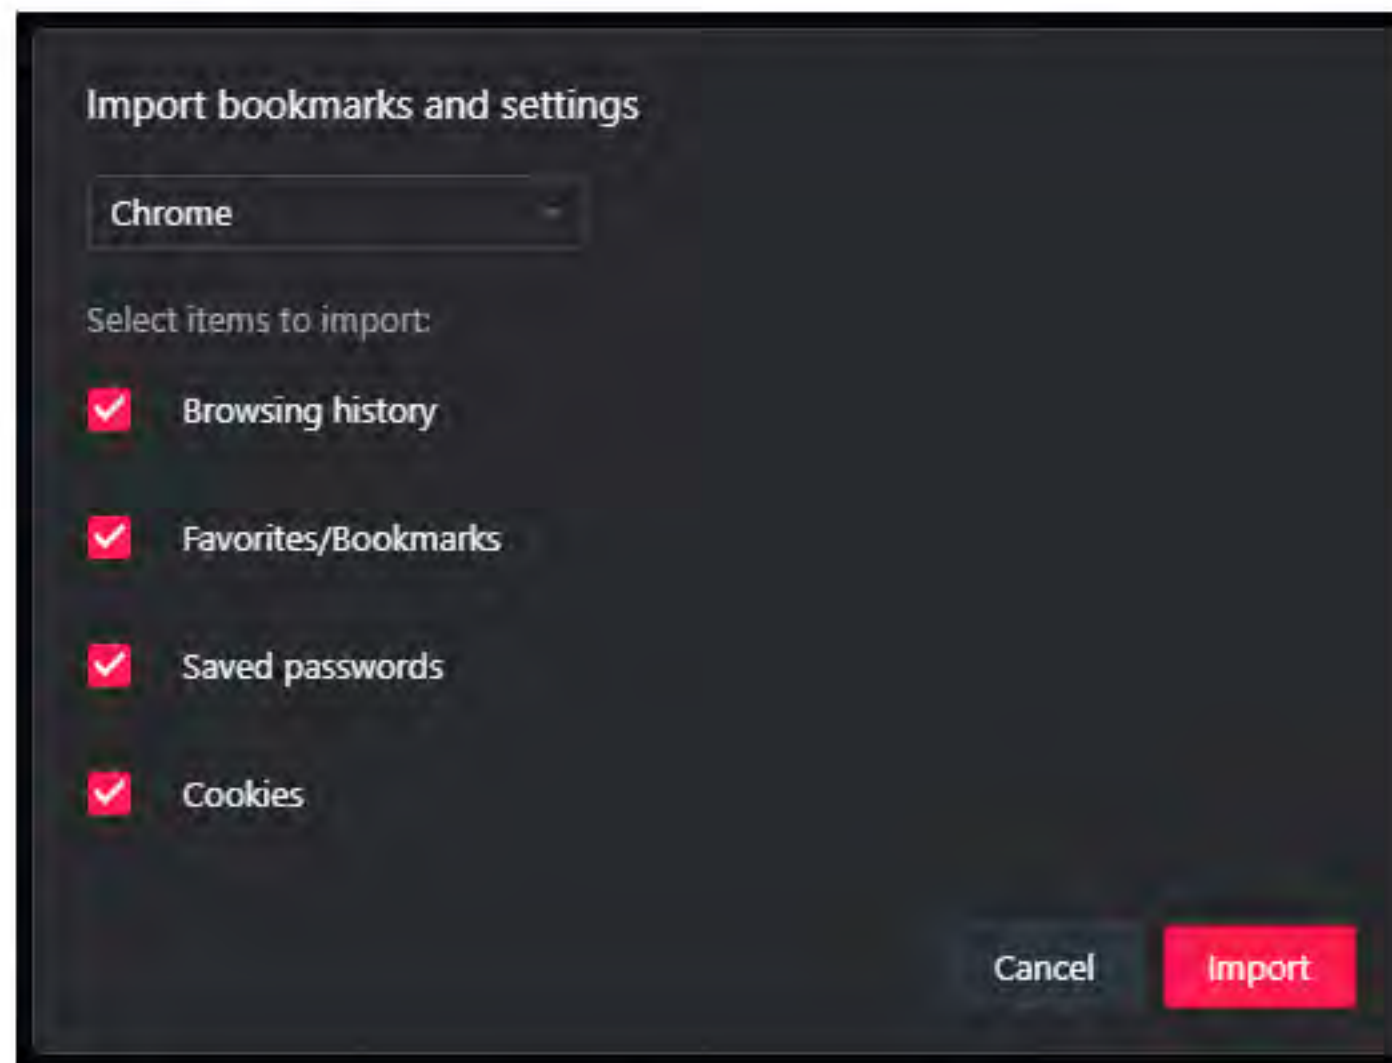

IT'S AMAZING AND YOU'LL DEFINITELY LOVE IT.

OPERA GX HAS A LOT OF BENEFITS

(SWIPE LEFT TO GET AMAZED)

1. EASY TO INSTALL

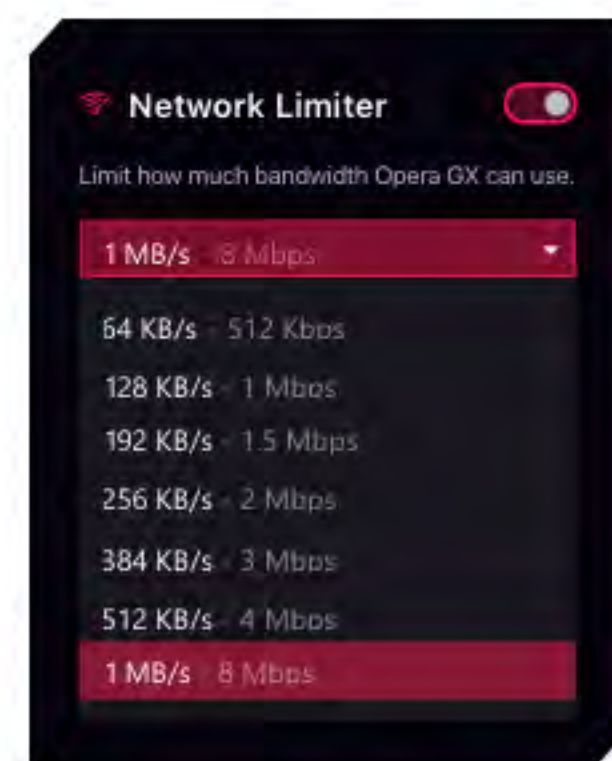

OPERA GX BROWSER IS SO EASY TO INSTALL AND SET IT UP

IT'S ALSO EASY TO IMPORT YOUR SETTINGS FROM ANOTHER BROWSER (COOKIES, HISTORY, PASSWORDS, BOOKMARKS, ETC) AND TWEAK OTHER PARAMETERS AS NEEDED.

2. RAM, CPU & NETWORK LIMITER

IT ALLOWS A USER TO SET HOW MUCH **RAM, CPU & NETWORK** CAN THE BROWSER USE WHILE SURFING THE WEB

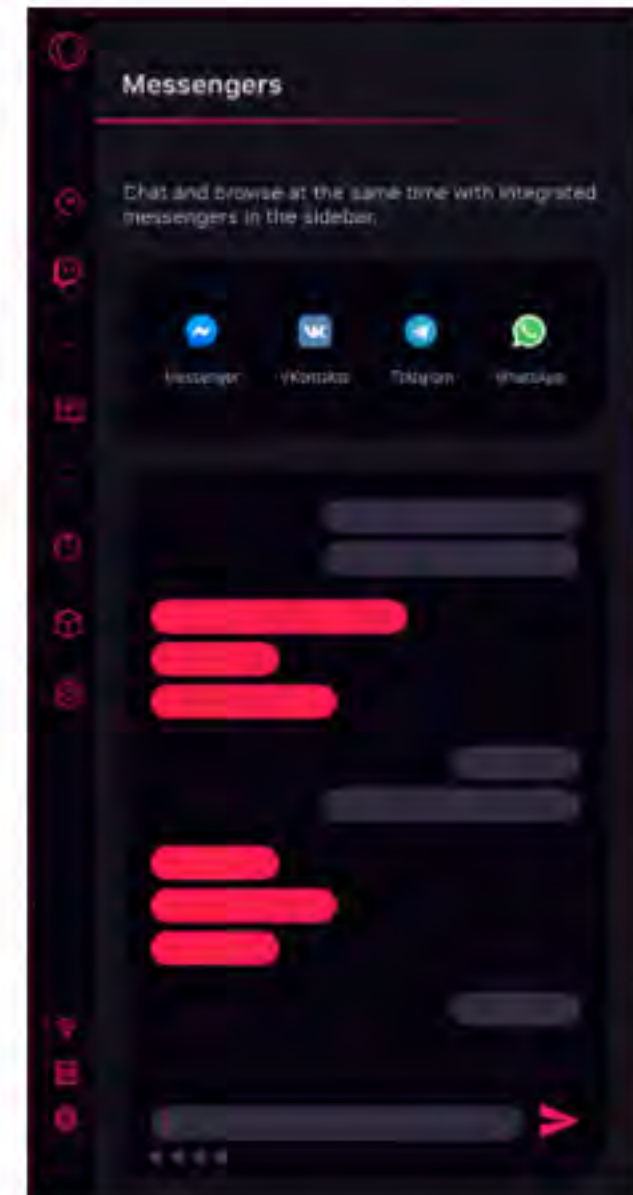

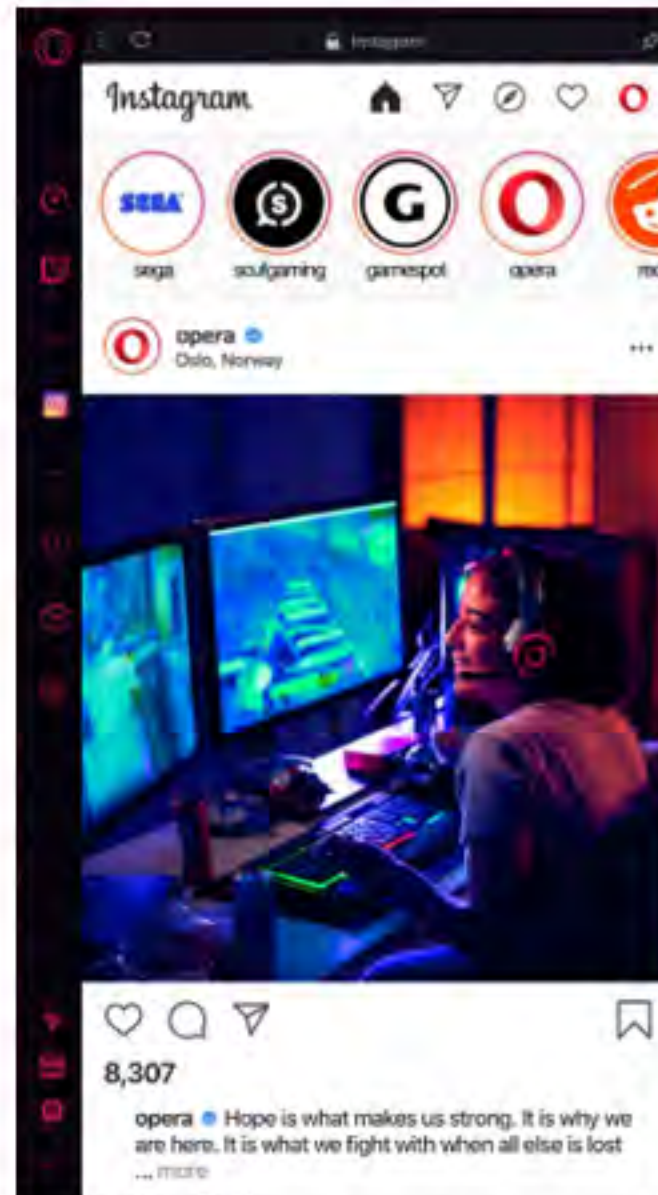

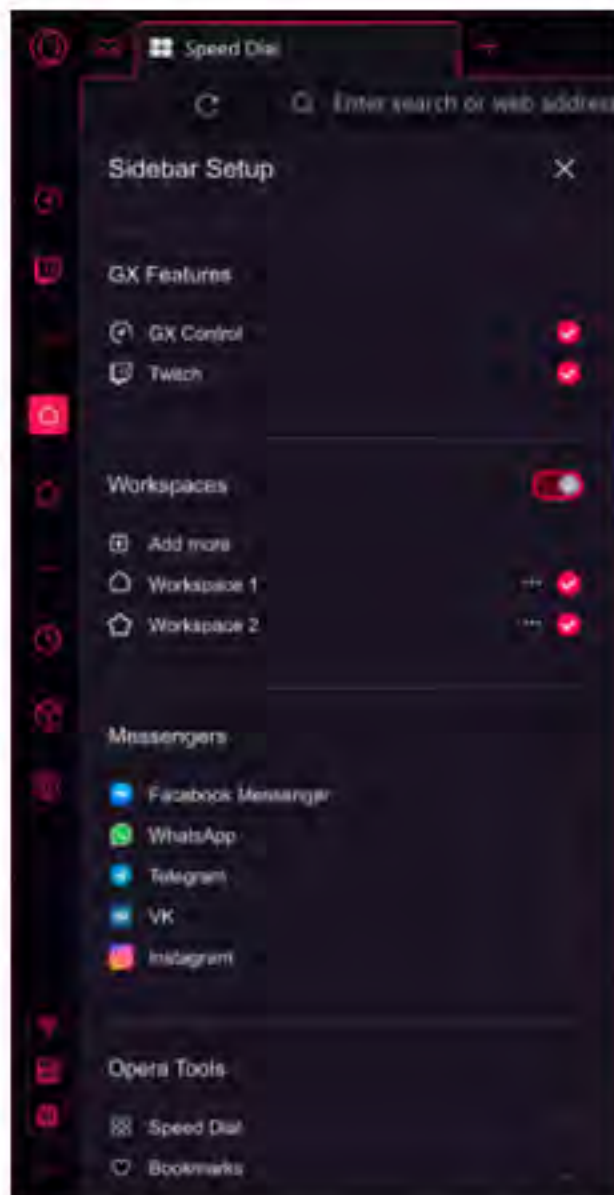

4. IT HAS AN AMAZING SET-UP SIDEBAR

IT HAS WORKSPACES, WHICH LETS YOU CREATE GROUP TABS ACCORDING TO THE CONTEXT YOU USE THEM IN.

MOST AMAZING IS THE BUILT-IN INSTAGRAM SUPPORT THAT IT HAS

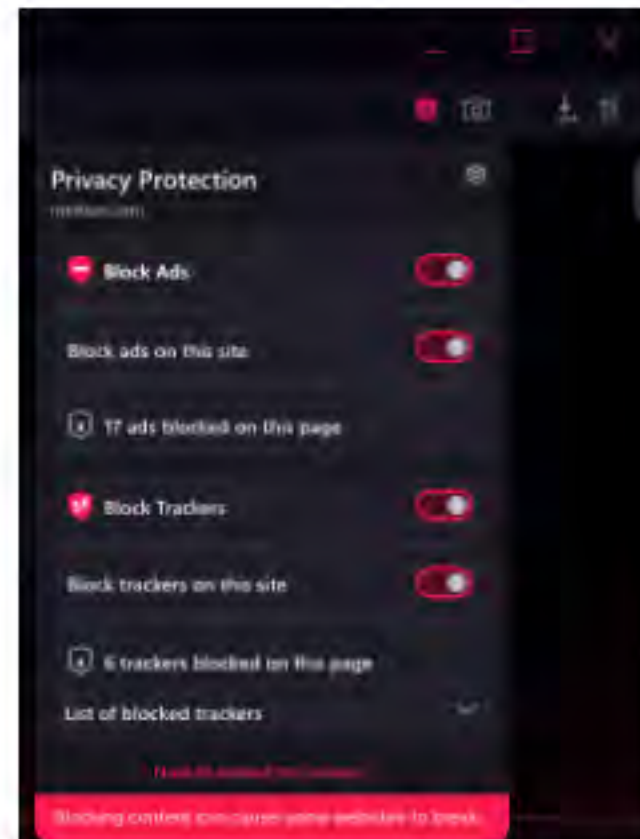

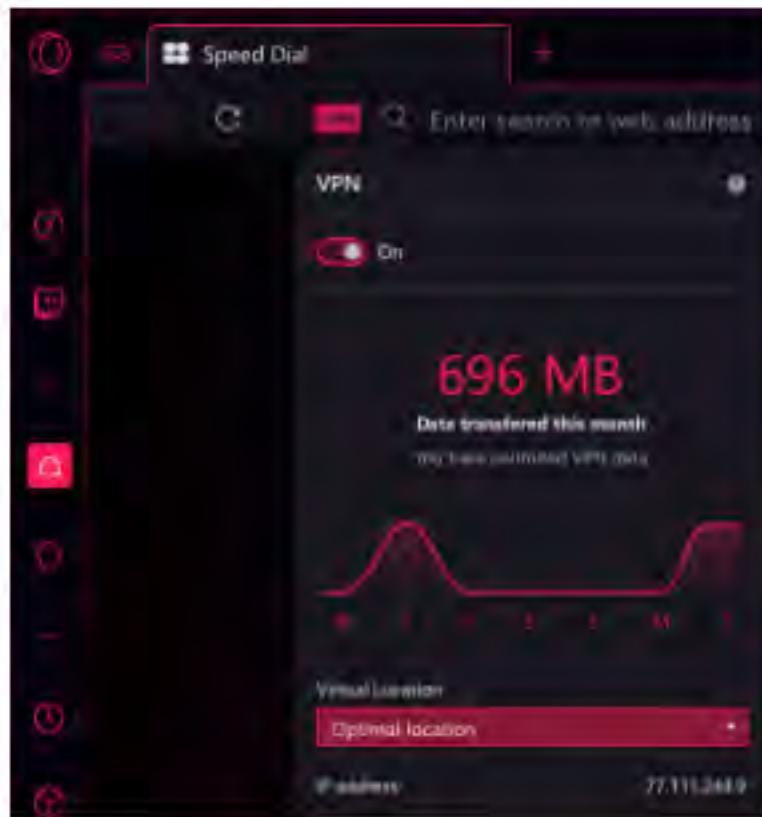

MAKES IT EASY TO ACCESS YOUR SOCIAL NETWORKS (TELEGRAM, FACEBOOK MESSENGER AND WHATSAPP)

5. MOST SECURE BROWSER

IT HAS ITS OWN **VPN** IN BUILD WITH ITS OWN **AD-BLOCKER** FOR SECURE WEB SURFING.

IT'S ONE OF THE MOST SECURE BROWSERS BECAUSE IT HAS A SMALLER USER BASE, HENCE LESS TARGETED

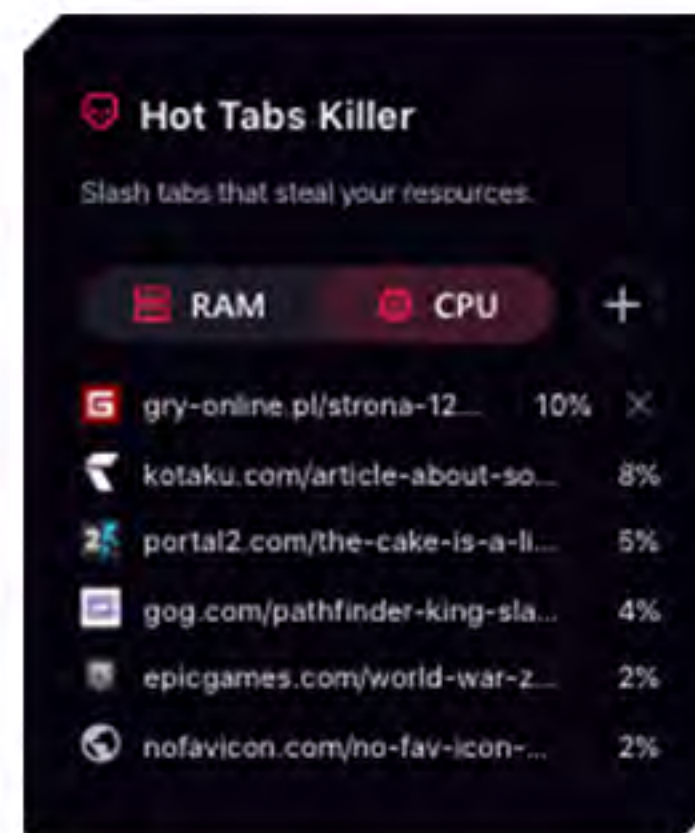

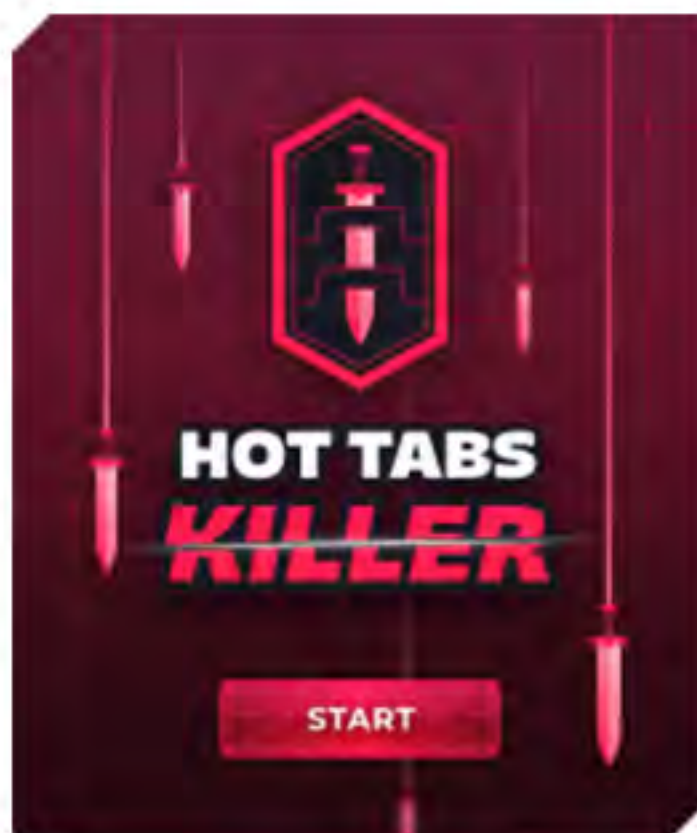

CONSIDER TO PAUSE AD-BLOCKER ON WEBSITE'S SUCH AS YOUTUBE, AS CREATORS HAVE ADS AS AN PRIMARY SOURCE OF INCOME.

6. HOT TABS KILLER

SEE EXACTLY HOW MUCH OF YOUR CPU AND RAM IS BEING USED BY EACH OF YOUR TABS.

FREE UP RESOURCES / RESOURCE-HUNGRY TABS ONE AT A TIME TO SPEED THINGS UP AND REDUCE LAG.

IT'S REALLY FAST

IT'S VERY FAST AND RESPONSIVE, YOU WON'T FIND ANY LOADING DELAYS, EVEN WITH SLOW CONNECTIONS

FOR BOTH WINDOWS & MACOS

THERE'S MANY MORE FEATURE'S TO MENTION BUT COULDNT GO THROUGH ALL BUT HAVE MENTIONED FEATURE'S WORTHY ENOUGH TO SWITCH FROM GOOGLE CHROME

**WOULD YOU GIVE
A CHANCE TO OPERA GX
TO PROVE IT'S WORTH**

LET ME KNOW WHAT FEATURE YOU FOUND VERY
INTRIGUING FOR WHICH YOU WOULD UNINSTALL
YOU CURRENT BROWSER FOR

Z
